Meet a Couple of Men

Reed (L) has taken the lead in setting the organizational foundation for Linking Shields, about men fulfilling the roles they were created for in their families, work and community. Juan (R) inspires hope and change in the lives of at risk teens at Eastside Academy. A couple of men, making a real difference in the lives of men, our community and the Church. Smile Juan!

Christina and Anna are really getting to the hearts of kids at JRC. Here they help Angelina cut out hearts and write special messages about who or what they love.

Eastside Academy Students spent a day of community service at JRC. We appreciated their service and hard work! They enjoyed Japanese cuisine at the International lunch and played a competitive game of ping pong!

This week:

Girls Just Gotta Have Fun...

And boys will always be boys. Just couldn't pass up the pose of these toddlers at the International lunch after a morning in Play & Learn while mom learned English. These pre-schoolers are already just too cool for school!

Adding it Up Early in the Morning

They're only kindergartners, and it's 6:30 in the morning! Ms. Lynn has kids alive, learning their numbers and stimulating their minds Before School with blocks, boxes and math that inspires learning. "My children wake me up and tell me they have projects to do at the Jubilee REACH Center!" said a mom this morning at 6:10am, before she heads off to work. Mom was smiling and so were the kids...you wouldn't think that would add up so early in the morning!

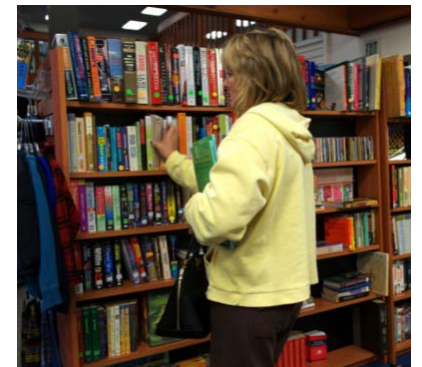

Bellevue College Intern Tsubasa does it all at Jubilee REACH. From working with kids, tutoring to hospitality, cooking and cleaning up in our Community Kitchen.

Soup & Salad Japanese style was the bill-of-fare for the international Lunch.

Sausage, Eggs and Muffins satisfied the hearts and tummies of Before School kids and their Mommy's thanks to Liberty Road business folks like Steve, Alice and Greg
