Marriage and Culture

Fema Aiswel traveled from Omaha, Nebraska to present a weekend class on Marriage and Cultures at JRC with Victory Court Pastor, Sayo. Although there are many different cultural rituals or customs, marriage was not brought about by culture or convenience, but is a gift from God as "a man will leave his father and mother and be united to his wife, and they will be one," taking responsibility for each other's welfare, committed to love one another. Singles and couples from diverse cultures found joy and meaning in marriage.

Biscuit Bakers and Cookie Makers. Melinda used her Community Kitchen to teach girls the art of cooking and we all shared in the tasty testing of fresh biscuits.

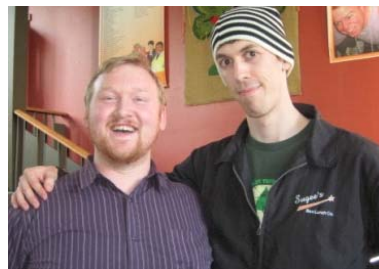

Men by their original design. Marco will lead a team of mature Hispanic men from partner Roca Fuerta church, will 'disciple' many young married, or about to be married, men in understanding their unique design, roles and responsibilities.

## This week:

Our Last Parent Computer Class?

132 families in our community now own a computer and have learned how to access their children's homework, grades, attendance and more through JRC's Parent Computer Class. According to the Bellevue School District, as many as 500 more families still do not own computers. We're making a dent, but our resource for laptops has topped out. Each class requires 12 later generation laptops. Can you help? [jesssec@jubileereach.org](mailto:jesssec@jubileereach.org)

Jeremy may be Jesse's answer to prayer for additional IT help and assistance with JRC's Teens & Technology Program. Interested in Tech support and assisting with our web site, communications and database management. Join our Tech Team!
