BC Interns Impacting Lives

Be careful when you serve, the life you change may be your own! It's happened in the lives of Bellevue College interns in the International Business Program. "We don't have non-profits in Japan" said Yoseph. Tokayu has made an impact at JRC and Heart & Home. "I love it! I love the people. When I get back to Japan, I want to start a Jubilee REACH Center and a Thrift Store for people," he effused. Susan and Cynthia of BC smile, "these young men have come out of their shells." Bellevue College Interns are impacting lives, including their own!

You gotta know when to hold them, *know when to fold them, as the song goes. But never walk away until the loving's done. You just count your blessings when you're sittin' at the table, bettin' on the life of a kid.*

Highland Covenant Church Pastor James and his leadership team has adopted JRC as their Missions Partner. It's the Church turning outward, answering the call to love God and love your neighbor, building community and kingdom...and experiencing pure joy!

This week:

I Did It!

She's a mother with two children in the Before School Program, she even volunteers to cook in our Community Kitchen, but Raquel did not own a computer. After attending all six classes, Raquel now has a laptop and has learned to follow her children's homework, grades, attendance and communicate with their teachers and do research with her kids online. We just hear the needs, collaborate with partners like the Bellevue School District, raise up passionate volunteers like Tom and step in the gap to provide a hand UP.

Congratulations to the parents in our 13th Graduating Class. There are now 143 families in our community that earned their first computer. They did it!

A mustard seed was planted three years ago when Reverend Wong and his Chinese congregation cooked lunch. The International lunch was planted and they're still cooking, along with six other cultures who share the Joy of Cooking for community!

Pastors & Business Linking Shields

How many churches are there on the Eastside? If you asked Jesus, the answer would be ONE! So Pastors of various churches are coming together as one, hearing the needs and turning outward to love our neighbor, under the support of business men who are Linking Shields, turning the church outward to show the community the real Jesus. That love is transforming hearts and communities.

SAMBICA's focus hasn't changed since 1919. It's about building faith, developing character and serving up as much fun as you can pack into a week for kids in their beautiful 'playground' camp on 7 acres that line the shores of Lake Sammamish. Executive Director Mike is a partner in scholarshiping kids from JRC who have never had the opportunity to participate in a summer camp. Thanks Mike!

I Felt the Nudge. A faithful volunteer for years at church and her kid's schools, Linda says, "I'd been feeling the nudge for over a year to get involved at JRC. Then I stepped out to be an ESL teacher. I truly love it! I love the relationships!" She also loves that her husband Jeff caught the bug. Jeff loves serving with Linda. Our international neighbors love them. Hmm...loving your neighbor is contagious! Feel the nudge?

Help us build a firm financial foundation under your Jubilee REACH Center!
