Joy...The REAL Paycheck

They have a skill, there is great need, so they serve. "I get such joy doing this and I feel so loved and appreciated," says Dentist Sarah. That's because you, and

all the dental professionals who serve in MTI's Dental Van twice monthly at JRC ARE loved by families without options in our community. Joy...now that's a real paycheck you can cash in eternity!

They can't stop talking because they love the relationships they have developed through ESL. So they meet through the summer for coffee on the patio to learn English and love one-an-other.

Volunteers Serve Our City each month doing works preserving our parks and natural areas. Church groups work with community groups to haul 'hog fuel' to preserve trails for joggers at Mercer Slough. Wanna help?

This week:

Loved, Honored, Affirmed

After the standing room only crowd of over 120 stood and cheered as Shelly Shellemberger presented JRC ESL Leader Alyson McMurry with her Volunteer Leader of the Year Award at the Bellevue City Council meeting, Mayor Don Davidson said, "we're not done with you yet, Alyson." He invited her forward as all City Council leaders stood, applauded, shook her hand and affirmed the work Alyson and hundreds of volunteers do at JRC. A faithful

servant leader was humbled for the joy she receives from loving God and loving our neighbor. We love you Alyson and all our volunteers!

Reading Buddies are older kids who read to preschoolers this summer at JRC!

Whacky Wednesday is for young musicians who dress up and make whacky good music!

Campers Galore!

It's a beautiful scene of organized chaos as JRC is mobbed each morning with Kid Campers. On one level, kids toting musical instruments arrive for Bellevue Youth Symphony Orchestra Camp. On

the main level more kids arrive for GREAT Camp Adventures with the City of Bellevue. Isn't this the way summer should be, active kids together exploring their passions, loved by peer counselors and adults models.

The Art of Forensics was shared by Officer Bean with kids. Art can be applied in many professions. "I'm not here to teach you how to draw, I'm here to teach you how to see," he said. With that he shared stories and pictures that were created from verbal descriptions cartoon characters and crime scenes.

Mar's Hill Youth unfurl a parachute after a day of serving neighbors, cleaning homes, yards and hearts.
